

WORLD VETERINARY YEAR-2011

TAMIL NADU VETERINARY AND ANIMAL SCIENCES UNIVERSITY

Centre of Advanced Faculty Training in
Veterinary Clinical Medicine, Ethics & Jurisprudence,
Madras Veterinary College, Chennai – 600 007, Tamil Nadu.

National Training Programme on “Current Practices and Protocols in Veterinary Emergency & Critical Care Medicine, Cardiology and Gastroenterology” 01-21 Feb 2012

New Horizons & Rapid developments in the field of Veterinary Medical Sciences had revolutionized the practice of Veterinary Medicine and Patient Care. Advances made in Diagnostic and Therapeutic Technologies and the current research enabled knowledge had changed the way, the Veterinary Medicine is practiced worldwide. Growing number of animal patients are presented to veterinary institutions with cardio-vascular, respiratory, digestive disorders, besides emergency & critically ill patients. This necessitates advanced knowledge and skills towards management of such disorders.

With the advent of Internet, Farmers and Companion animal owners seek to avail State of the art diagnostic and treatment strategies for their animals. This necessitates regular updating of Clinical skills and Knowledge in the fields of Veterinary Cardiology, Critical Care & Gastroenterology. Towards this goal and based on the clinical resources and materials available at this Centre, it has been planned to give knowledge and skills update to Faculty Members and Scientists employed at SAUs / SVUs / ICAR Institutes in the field of Veterinary Medical Sciences and Related Sciences.
